HYDROBIOLOGIA
Volume 439, 15 November 2000

^{13}C and ^{15}N depletion in components of a foodweb from an ephemeral boreal wetland compared to boreal lakes: putative evidence for microbial processes
R.L. France, M.A. Schlaepfer 1–6

Food consumption by the larvae of *Sericostoma vittatum* (Trichoptera), an endemic species from the Iberian Peninsula
M.J. Feio, M.A.S. Graça 7–11

Foreign mosquito survivorship in the pitcher plant *Sarracenia purpurea* – the role of the pitcher-plant midge *Metriocnemus knabi*
Raymond L. Petersen, Andréa Faust, Jacqueline Nagawa, Chandi Thomas, Annick Vilmenay 13–19

The occurrence of Calanidae species in waters off Argentina
F.C. Ramírez, M.E. Sabatini 21–42

Intraspecific relationships of the hermit crab *Diogenes pugilator*: predation and competition
Tina Tirelli, Marco Dappiano, Giuseppe Maiorana, Daniela Pessani 43–48

Interactions between detritivores and microfungi during the leaf detritus decomposition in a volcanic lake (Lake Vico – central Italy)
L. Sabetta, M.L. Costantini, O. Maggi, A.M. Persiani, L. Rossi 49–60

The impact of extremely low frequency electromagnetic fields on stream periphyton: an eleven-year study
Thomas M. Burton, Donald G. Uzarski, Robert S. Stelzer, Susan L. Eggert, William V. Sobczak, Dennis M. Mullen 61–76

Benthic macroinvertebrate assemblages of coastal and continental streams and large rivers of southwestern British Columbia, Canada
Pamela F. Reece, John S. Richardson 77–89

Bdelloid rotifers from Korea
M. O. Song, W. Kim 91–101

Microhabitat associations of three species of Dryopoidea (Coleoptera) in an Ozark stream: a comparison of substrate, and simple and complex hydraulic characters
Francis Lloyd, Robert W. Sites 103–114

Stream invertebrate communities of Campbell Island
Michael K. Joy, Russell G. Death 115–124

Redescription of *Alona labrosa* Vasiljeva & Smirnov, 1969 (Chydoridae, Anomopoda, Branchiopoda)
Artem Y. Sinev, Alexey A. Kotov 125–139

Flies that are parasitoids of a marine snail: the larviposition behaviour and life cycles of *Sarcophaga megafilosia* and *Sarcophaga meiofilosia*
Stephen C. McKillup, Ruth V. McKillup, Thomas Pape 141–149

Population features of *Microphrys bicornutus*, Latreille, 1825 (Brachyura, Majidae) from Isla Margarita, Venezuela
L.S. López Greco, J.E. Hernández, J. Bolaños, E.M. Rodríguez, G. Hernández 151–159

Redescription and assignment of the chydorid *Indialona ganapati* Petkovski, 1966 (Branchiopoda: Anomopoda: Aloninae) to Indialonini, new tribus
Alexey A. Kotov 161–178

Short note

Application of an image analysis system to the determination of biomass (ash free dry weight) of pond macroinvertebrates
Valeria Bernardini, Angelo G. Solimini, Gianmaria Carchini 179–182
